Use of Cookies and Pixels

BACKGROUND

Cookies are small text files that are placed on your computer by websites that you visit. They are widely used in order to make websites work, or work more efficiently, as well as to provide information to the owners of the site. The table below describes the name and purpose of the cookies used by Quantum. Cookies are persistent from 1 day to one year unless the user has set their browser to clear cookies once session ends or if user clears cookies.

Cookie	Name	Purpose
AdRoll	__adroll	This cookie is used to identify your device when you move between different websites and applications, so that AdRoll can serve targeted advertising to you.
Add This	__atuvc	This cookie is associated with the AddThis social sharing widget which is commonly embedded in websites to enable visitors to share content with a range of networking and sharing platforms. It stores an updated page share count. The main purpose of this cookie is functionality.
Bizo	_bizo_bzid _bizo_cksm _bizo_np_stats	This cookie name is associated with a B2B marketing platform, formerly known as Bizo, which is now owned by LinkedIn. The main purpose of this cookie is targeting and advertising.
BrightTalk	_gid [x3]	Registers a unique ID that is used to generate statistical data on how the visitor uses the website.
Double Click	__ar_v4	This cookie is associated with the DoubleClick advertising service from Google. It helps with tracking conversion rates for ads. The main purpose of this cookie is targeting and advertising.
Facebook	fbq	This cookie name is associated with technology from Facebook. The main purpose of this cookie is targeting and advertising & marketing.
